

**1** Manche Aufgaben kannst du wahrscheinlich im Kopf ausrechnen.

a)  $5100 - 2200 = \underline{2900}$

b)  $203800 - 148500 = \underline{55300}$

$4800 - 2200 = \underline{2600}$

$665000 - 333800 = \underline{331200}$

$8000 - 5900 = \underline{2100}$

$337000 - 265200 = \underline{71800}$

$6100 - 1200 = \underline{4900}$

$360200 - 217900 = \underline{142300}$

$3400 - 1000 = \underline{2400}$

$485300 - 271000 = \underline{214300}$

**2** Rechne aus.

a)  $3880 - 2680 = \underline{1200}$

b)  $1000000 - 308230 = \underline{691770}$

$8550 - 3070 = \underline{5480}$

$1000000 - 822400 = \underline{177600}$

$6070 - 4390 = \underline{1680}$

$1000000 - 230380 = \underline{769620}$

$4490 - 3890 = \underline{600}$

$1000000 - 738070 = \underline{261930}$

$7510 - 1570 = \underline{5940}$

$1000000 - 608890 = \underline{391110}$
